Important Notification:

In compliance with regulatory requirements, we are providing you with the following information. We are requesting approval from regulatory bodies to transfer your account and services from the old Network Plus entity, which is discontinuing service, to the new combined Network Plus and Broadview Networks entity, which will continue to provide you with your telecommunications services. This process will be neither service affecting nor will there will be any fees applied in connection with the transfer to the new combined entity. Your telephone numbers, features, price plans and services will all remain in effect. **NO ACTION ON YOUR PART IS REQUIRED.**

The FCC requires the following notice be provided:

The FCC will normally authorize this proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments within 15 days after receipt of this notification. Address them to the Federal Communications Commission, Washington, D.C. 20554, referencing the § 63.71 Application of Network Plus Corp. Comments should include specific information about the impact of the proposed discontinuance upon you or your company, including any inability to acquire reasonable substitute service.

If you have placed a "freeze" on your Network Plus local or long distance services to prevent their unauthorized transfer to another carrier, it will be lifted in order to implement the transfer. At your request, we can reestablish freeze protection for you after the transfer.

We realize you have a choice of telecommunications carriers, but we're confident you'll find that remaining our customer is the smart choice to meet your needs. You always have the option of selecting another carrier if one is available. To keep your service with the combined Network Plus and Broadview Networks entity you do not need to take any action. We anticipate that the date for the transfer may be as soon as 35 days from the date of this letter or as soon thereafter as the necessary regulatory approvals are obtained.
